PUBLICATIONS PRODUCED BY THE NETWORK (order alphabetical by authors):

Christiansen L. and Tedd J.: Introducing A Large Scale Wave Dragon Wave Energy Converter In The Marine Environment: CoastNet conference, London, August 2005

Christensen, Lars; Friis-Madsen, Erik; Kofoed, Jens Peter; Tedd James: Worlds Largest Wave Energy Project 2007 In Wales; PowerGen conference, May 2006, Cologne

Cruz, J.; Alves, M.; Sarmento, A.; Brito-Melo, A.; Neumann, F.: Estudo Comparativo entre Tecnologias de Aproveitamento de Energia Eólica e Energia das Ondas (Comparative Study of Wind and Wave Energy); ENER'05, Figueira da Foz/Portugal, 2005

Frigaard, P. , Kofoed, J. P. and Tedd, J.: The Wave Energy device: Wave Dragon.ICSTEP 2006, Tamil Nadu, India, Jan., 2006

Huertas-Olivares, C.; Patricio, S.; Neumann, F.; Sarmento, A. Impacto Ambiental de las Centrales de Energía de las Olas. V Congreso Ibérico en Gestión y Planificación de Aguas. Faro, Portugal, 2006.

Huertas-Olivares, C., Patricio, S.; Neumann, F.; Sarmento, A. Renewable Wave Energy. Making it Sustainable. Communications to the International Conference on Renewable Energies and Water Technologies. CIERTA 2006. Vol II. EMI 91-96. 2006. Almeria, Spain

Huertas-Olivares, C.; Patricio, S.; Russell, I.; Gardner, F.; van t'Hoff, J.; Neumann, F. The EIA approach to wave energy within the European Research Training Network WAVETRAIN. 2006. I International Conference Ocean Energy. October 2006. Bremerhaven, Germany

Kofoed J.P.; Frigaard, P.; B., Tedd, J.; Friis-Madsen, E.: Power Production Performance Of The Wave Dragon Nissum Bredning Prototype - Status After Three Years, WREC IX, August 2006, Florence

La Regina, V.: "Wave energy world: challenges and expectations", Green Power Conference, Rome (IT), November 2005.

La Regina, V.; Brito-Melo, A.; Patricio, S.; Neumann, F.; Sarmento, A.J.N.A: "Strengths-Weaknesses-Opportunities-Threats (SWOT) of Wave Energy Industry in Portugal", WREEC 2006, Tripoli (Libya), 2006.

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "Aspectos estratégicos do desenvolvimento de energia das ondas em Portugal" (with Frank Neumann, António J.N.A. Sarmento), ENER06, Portugal, 2006

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "Economic Reasoning and Public Financing of Wave Energy", 6th EWTEC, Glasgow (UK), 2005

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "Europe's Wave Energy Development: Technological, Economical and Political Viewpoints", ISOPE 2006, San Francisco (USA), 2006.

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "O estado actual de energias das ondas e as perspectivas nacionais"; Revista de Energias Renováveis da Sociedades Portuguesas de Energia Solar, March 2006.

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "The role of Socio-economic Impact Assessment (SIA) and of Environmental Impact Assessment (EIA) in wave energy development", WREC - IX, Firenze 2006.

La Regina, V.; Neumann, F.; Sarmento, A.J.N.A: "Wave energy development from Portugal to Europe: policy landscape", IGEC-2, Ontario 2006, Canada.

Neumann, F., Brito e Melo, A., Sarmento, A. (2006), "Grid connected OWC wave power plant at the Azores, Portugal", Proc. Int. Conf. Ocean Energy: from innovation to industry, OTTI, ISBN 3-934681-49-2, pp. 53-60.

Neumann, F; Tedd, J.; Prado, M.; Russell, I.; Patricio, S.; La Regina, V: Licensing and environmental issues of wave energy projects, WREC - IX, Firenze 2006.

Prado, Miguel: Modelling and test results of AWS', Journal of Power and Energy, vol. 220, Proc. IMECH, London, 2006

Sarmento, A.; Brito-Melo, A, Neumann, F: Results From Sea Trials In The Owc European Wave Energy Plant At Pico, Azores; invited paper for WREC-IX, 19.08-25.08.2006; Proc. WREC IX, ISBN 008 44671 X.

Sarmento, A.; Neumann, F.: "The need and available means for international cooperation in marine renewable energy"; WREC IX -2005, Aberdeen (UK), May 2005

Sarmento, A.; Neumann, F.: "Uma nota sobre a problemática da tarifa para os parques de energia das ondas"; ENER'05 - Conferência sobre Energias Renováveis e Ambiente em Portugal, Figueira da Foz (Pt), May 2005

Sarmento, A., Whitaker, T., Brito e Melo, A., Clement, A., Salter, S., Pontes, T., Neumann, F. (2006), "The European Research Training Network For Competitive Wave Energy", Proc. WREC IX, ISBN 008 44671 X.

Saulnier J.-B. M. G., Pontes M. T. (2005) Standardizing wave energy resource data, Proc of 6th EWTEC '05, Glasgow.

Sørensen H.C., Christiansen L., Friis-Madsen E. and Tedd J.: Wave Dragon ,The Wales 4 -7 Mw Demonstrator; IMechE seminar on Fluid Machinery for Wave and Tidal Energy, October 2005

Soerensen, Hans Chr.; Tedd, James; Friis-Madsen, Erik; Kofoed, Jens Peter: Preliminary Results From Second Phase Sea Testing Of The Wave Dragon Prototype Wave Energy Converter OTTI, October 2006, Bremerhaven

Sykes R K, Lewis A W, Thomas G T: A physical and numerical study of a fixed cylindrical OWC of finite wall thickness, - Abstract submitted to Seventh European Wave and Tidal Conference, Lisbon, September 2007, acceptance pending

Tedd, James; Frigaard, Peter: Short term wave forecasting, using digital filters, for improved control of Wave Energy Converters, 2007 ISOPE, Portugal

Tedd J., Friis-Madsen E. and Frigaard P: Design And Testing For Novel Joint For Wave Reflectors: EWTEC 6th, August 2005

Tedd J., Knapp W., Frigaard P, and Kofoed J. P.: Turbine Control Strategy Including Wave Prediction For Overtopping Wave Energy Converters: CA-OE workshop, Uppsala, November 2005

Tedd, J.;Kofoed, J.P.; and Friis-Madsen, E.: Renovation Of The Wave Dragon Nissum Bredning Prototype, , ISOPE conference May 2006 San Francisco

#### REPORTS elaborated in the scope of WAVETRAIN:

Burger M.F. (2005) Standardised wave data based on power level, Master thesis report, Delft University of Technology, Teamwork technology BV, Holland.

Saulnier, J.-B.M.G. (2006). Standard Parameters for Spectral Width, Wave Groupiness and Directional Spreading. Instituto Nacional de Engenharia, Tecnologia e Inovação, internal report, Lisbon.
